

Create[x]

Prompt:

The year is 2018. It has been 15 years since the launch of Myspace, and years since its demise. Looking at the current state of social media, the founders of Myspace think that it is time that people communicated in a different way, a unique way. They found you, a think tank of developers, designers and innovators with fresh ideas and skills.

Your task:

- **Design**

Create design guidelines, relevant logos and graphics for myspace.

- **Web development**

Create a website for the new platform, with whatever you deem necessary. Add a login form, signup form and a user-profile.

- **Motion Graphics**

Create a launch video highlighting the new features of your revamped website.

Duration: 45 secs- 1 min
